MILLIONS JOIN NEW CAMPAIGN TO SECURE FREEDOM FOR INDIA

AMERICA MUST SIGN FIRST, IS EUROPE'S VIEW

Allies Will Not Take Any More Chances of Being Abandoned by U. S.

BY MILTON BRONNER

LONDON, Aug. 13 .- "Show me!" That will be the attitude of all the European statesmen when they meet in Washington for President Harding's conference on disarmament and Pacific bcean questions.

The powers illustrate the old saying, "Once bit, twice shy." They feel they were bit once. At Versailles they saw President Wilson and his secretary of state put their signatures to a League of Nations agreement. And then they saw the Senate turn down the whole business.

This time, before they do any signing, they will want to see Harding and Hughes sign and the O. K. of the Senate, too, Not till then will they be ready to append their own signatures. But they do expect agreement will be easier than in the Wilson case because Harding has the Senate with

Favor New League If President Harding, after getting agreements on disarmament and Pacific problems, wants to go a step turther and broach his Association of Nations in place of Wilson's League of Nations, preserving mainly the Permanent Court of International Justice, he will meet with far less oppo-

sition than is generally supposed. The 40 nations in the league don't care about the name of the organization, its form or its constitution, so long as the United States comes in. And there are indications that they are ready to agree to America making all the reservations it wants.

The main thing is the tax-ridden powers of the world, together with all the little countries, want protection against further wars.

That will mean partial disarmament

POSTMISTRESS' FLORIDA POLICE

Mystery Enshrouds Motives Leading to Killing in Southern Hotel

ORLANDO, Fla., Aug. 13 .- A statewide search is being made here for "a second man" on whom police base their hopes of being able to clear up the tangle of amazing exploits that surround Miss Lena Clarke, West Palm Beach postmistress. Miss Clarke is under arrest here, charged with the murder of Fred Mil-

timore, restaurant owner, and with the theft of \$32,000 from the West

Palm Beach postoffire.

Officials who have questioned her, and who have on several occasions listened to "confessions" that she made, only to repudiate them a short time later, believe she may be trying to piece together a story that will hold water, in order to shield a second man in the case.

Many angles of the evidence, they say, points to the existence of this Developments Fast

This is the history of the case in a nutshell: On July 26 it was learned that \$32, 000 had been taken from a registered

mail sack at the West Palm Beach On Aug. 1, Miss Clarke appeared at the Orlando police station, asking officials to go to a room in the San Juan hotel where she said she had drugged a man implicated in the rob-

bery, and locked him up until she could get police help. Police found Miltimore lying dead on the floor of the room, killed by a revolver bullet. A gun was on the floor nearby, together with two mon-cy bags, slashed and empty. Tags on the bags showed they were sent by the First National Bank of West Pal mBeach to the Federal Reserve contained \$32,000 and the other \$9000.

Gandhi is head of the cult that hears his name, and is leading the fight to gain home rule in India by boycotting the British and their goods.
